^[2] "As Charged" means all Expenses incurred by the Life Assured in the Hospital and ward class of the Life Assured's entitlement under the Plan Type insured.

^[5] For the latest MediShield Life's limit, refer to the Cancer Drug List on the Ministry of Health of Singapore's website under "MediShield Life Claim Limit per month" (go.gov.sg/moh-cancerdruglist). The Ministry of Health of Singapore may update the Cancer Drug List from time to time. The revised list will be applicable to the outpatient cancer drug treatment which is administered on and from the effective date of the revised list.

^[6] Defined as two or more cancers arising from different sites and/or are of a different histology or morphology group. The benefit limits for patients receiving treatment for Multiple Primary Cancers are accorded on an application basis; doctors are to send the application form to Ministry of Health of Singapore and the Company for assessment of MediShield Life and GREAT SupremeHealth coverage respectively.

^[7] This benefit limit is based on 5x MediShield Life's limit for the specific cancer drug treatment.

^[8] For the latest MediShield Life's limit for Cancer Drug Services, refer to "Cancer Drug Services" under the MediShield Life Benefits on the Ministry of Health of Singapore's website (<https://go.gov.sg/mshlbenefits>). The Ministry of Health of Singapore may update this from time to time. The revised limit will be applicable to the outpatient cancer drug services which were provided within the Period of Insurance of the revised limit.

^[9] The MediShield Life's limit for Cancer Drug Services for Multiple Primary Cancers will be double that of the MediShield Life's Limit for one primary cancer if the patient had received treatment for Multiple Primary Cancers at any point within the Period of Insurance.
